

14 June 2021

Dear Families,

As you all know, for the last two years, we have been trying to raise funds for a fitting tribute for Mrs Holland. We initially started some work during Easter 2019 in the nature garden, however, due to Covid restrictions and the lack of funds, we had to pause this project.

We have recently been informed, that we have been successful in achieving a small grant and are now closer than ever to turning our dreams into reality. Our friends at Transform schools, have agreed that they will carry out the majority of the work, for FREE, and assist in the planning and sourcing of resources for this fantastic project.

In order to complete the garden to the standard we desire, and Mrs Holland deserves, we do still need to raise at least £1000. During our EID celebrations we raised a fantastic £500, which will now be donated to the Garden Fund.

We will be holding a number of fund-raising activities during the summer term to try and raise the remaining money needed.

Mrs Holland was a much-loved member of our school and community, and is still greatly missed by us all. We really need your support in ensuring that the garden will be ready for September and any donations you can make will be greatly received.

We understand that this year has been a financial struggle, so please only give what you can afford, and please do not feel the need that you have to donate, but if you would like to give, your kindness really is appreciated!

Kind Regards

Mr I Tankard
Head of School
